Enhance Your Building Management System Today!

Experience the Future of HVAC Control with the Trend LAN Adaptor

At Trend, we've been designing and manufacturing advanced HVAC controllers for over 40 years, allowing building owners and facility teams to effectively manage energy consumption while creating better environments for everyone — from workers to patients and students alike.

Why Choose Trend?

Whether it's a cozy fast-food restaurant or a sprawling airport complex, our Building Energy Management System (BEMS) has consistently delivered significant benefits in reducing energy usage, improving productivity, air quality, & the well-being of occupants.

Key Benefits of the Trend LAN Adaptor:

- **Seamless Integration**: The IQ5 LAN Adaptor allows for the installation of the IQ5 controller on any site operating via Trend LAN, ensuring a simple and efficient upgrade path without the need for costly rewiring.

- **Backward Compatibility**: With our unique promise of backward compatibility, buildings can utilize up to five generations of Trend controllers (IQ1, IQ2, IQ3, IQ4 and IQ5) working in harmony, minimizing disruption during upgrades.

- **Complete Flexibility**: The IQ5 integrates easily with existing LAN structures or will operate within Ethernet environments, guaranteeing a comprehensive approach to building management.

- **Future-Proof Your Investment**: As you upgrade with the IQ5 LAN Adaptor, you not only protect your existing investments but also strategically support your future plans.

Key Features:

- **Ethernet-Based Controller**: Launched in November 2023, our latest IQ5 controller offers enhanced speed and security, making it perfect for both new installations and complete retrofits.

- **Adaptable for Mixed Sites**: The IQ5's compatibility mode allows it to communicate with all previous controllers ensuring smooth transitions to all IQ5 systems once re-engineered.

Transform Your Building Management Today!

Join the thousands of satisfied clients who have benefited from our innovative solutions. Embrace the latest in HVAC technology with the Trend IQ5 LAN Adaptor, designed to meet the evolving needs of today's demanding environments.

Protect your past investments, support your future plans, and redefine your BEMS with Trend's IQ5 LAN Adaptor
